MERCER MAYER began writing and illustrating children's books in 1966, and since then, he has published over 300 titles. Readers can open almost any of his award-winning books and out may pop dragons, cuddly monsters, wonderful creatures, and endearing critters. Drawing from his own childhood adventures for inspiration, Mayer created one of children's books most cherished characters, Little Critter. He currently lives in Connecticut.

Grandma loves it, grandson loves it. Especially the little spider on each page.

I always read the Critter books to my son, and now to his son. I love the quirky critters to be found on the pages, and enjoy reading these books to my grandson, they make me smile!!

I have loved this book since I was a child. Mercer Mayer is one of my favorite authors of all times and I am thrilled that I will be able to pass this one to my child when she is here.

My daughter loved this book when she was little. A favorite ! This was a gift to her son, and she loves reading it to him. My grandson also loves this book, and it's almost a daily read before naps or bedtime.

This is a wonderful story for young children. My 4 year old granddaughter loves me to read to her and absolutely loves this story and is now asking when we can go spend a day at the beach.

Helped my niece get this for grandma so that they would have something to read at grandma's house before bed.

Came in time and intact. Such a sweet book. Purchased for a friend who was waiting for her first grand child to be born. She loved it!

My daughter loves reading this with her grandma
